

CMPN-OM32-0001

Order number: 78265302

Quick Info

Profinet remote I/O module
Integrated Ethernet Switch
Support 100Base-TX
Metal housing,Protection classes IP20
IO signal connection adopts pluggable shrapnel tightening termina
The power supply is connected with pluggable screw terminal strip

Specifications Download Accessories

Mounting specifications	
Supply voltage	24VDC±10%
Operating current	< 75mA
Load type	Resistance load、Inductive load、Indicator light
Number of output channels	32
Output current	0.2A
Output protection	Overload protection, overheating protection
Automatic consultation mechanism	Yes
Automatic cross-flip	Yes
